

Newsletter – Week 6

I rode 6 rollercoasters. There was no time to buy souvenirs because we overdosed ourselves with attractions and rides. We rode Tower of terror and Giant Drop but then the time was over. Today Dreamworld had such fun memories for me.

Saya Yamamoto

Today I went to Dreamworld. It was sunny but the wind was blowing hard. I saw a koala and a white tiger. It was very adorable. The white tiger looks like a big cat. The koala slept all the time. Moreover, it was hidden by a eucalyptus tree. I was disappointed.

DREAMWORLD!!

Hello SHS families and students.

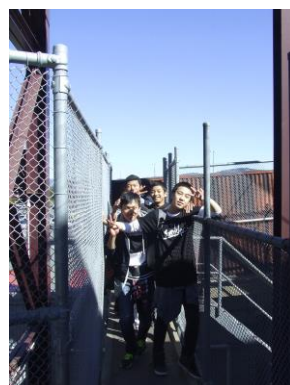

The highlight of this week was undoubtedly the class test on Friday. Haha not really! The students (and teachers!) had a fantastic day at Dreamworld on Wednesday. Students were able to experience animals such as kangaroos, koalas, crocodiles and of course the famous tigers. The main attraction of the day was the vast array of rollercoasters, however. There are some excellent photos of students enjoying themselves. Please ask your student if they took any photos; this is often a great conversation starter.

Next week seems relatively quiet compared to the thrills of Dreamworld. We will have our usual classes and sport on Thursday.

However the week after will be our visit to Cedar Glen Farm. Students will experience farm life; riding in a 4WD up a mountain track and horse riding. We will have an Aussie BBQ lunch with damper and billy tea. It is very important that students wear comfortable clothes for this day. Jeans or long pants are essential, as are closed in shoes. The day may be dusty or muddy, so new clothes are not a good idea.

Thank you for the messages when students are late or sick. The best way to communicate is directly to my mobile, then I can tell the teachers. Finally, graduation evening is fast approaching. Please save the date – Wed 16 August. The evening will be held at Parklands College Church Hall and will begin at 6:45pm. Pop it in your diaries!

I thought it was a good place to be able to enjoy in various ways in one place. Actually, I went to the amusement area only, but I could enjoy myself. It is one of my important memories to have gone to Dreamworld and to have a great experience.
Asami Mitamura

At first, I rode a rollercoaster with my friend. It was not scary so I rode it three times because it was very exciting! I want to ride it again. I saw koalas and kangaroos. They were very cute. I touched a koala, it was very soft. Dreamworld was fantastic!
Yuua Shirataki

I went to some shops, I looked at some animals and I rode some rides. I rode 'Escape from Madagascar'. It was very fun, so I rode it three times. I touched a koala bear. It was very soft. I had a valuable experience. I will never forget this day.
Yoshika Tango

We got on many rides. I rode 'The Claw' various times. It looked like a moving pendulum. I rode this six times in total. When I got off I felt dizzy and I couldn't stand. Then I rode the 'Giant Drop'. It goes up high and it is very fast. I think Dreamworld is a good place.
Sorato Fujita

I rode on many rollercoaster rides, for example 'Giant Drop', 'Tower of Terror II' and 'The Claw'. The 'Giant Drop' is the highest in the world. It was scary but so exciting. 'Tower of Terror II' is the fastest in the world. At lunch I ate a sandwich. It was tasty. I would like to go again.
Taichi Igushi

Next week:
 • Sports uniform on Thursday

I rode the 'Giant Drop' many times, however I have to say it is still a scary ride. Sorato and I rode 'The Claw' continuously for three times, therefore he wasn't feeling well. It was funny. After all, he is crazy. I had a good time. I want to go with my friends again.
Kohei Ono

I went to Dreamworld. That theme park was exactly a dream world! First I took lots of pictures in front of beautiful buildings on my friend's camera. We got the best shots! Next we rode lots of rollercoasters. I was scared before I rode the rollercoaster, but it was fun. We had a fantastic day.
Kurumi Yokoo

I rode the rollercoaster. It was exciting and I had a joyous time. After that, I looked at the shops. I bought a gift, it was a Dreamworld key holder. Dreamworld has many shops. I enjoyed looking at them.
Saki Hirano

This week, Group 1 students wrote recounts of their excursion to Dreamworld. Thank you Group 1 and Mrs Clayton for the stories and photos.

I rode some rollercoaster rides. I thought they were the scariest before, but I rode them the next time. I ate churros. It was very delicious! When I rode on the bus I slept early. Dreamworld was tiring, but today was a good day!
